

CAPABILITIES STATEMENT

COMPANY OVERVIEW

CyberVenger® is a Woman Owned premier IT consulting firm, with over 20 years of experience. We specialize in meeting the unique needs of small to mid-sized businesses, in comprehensive IT compliance, cybersecurity, managed services, virtual CIO services, and education on student data privacy.

DISTINCTIONS & CERTIFICATIONS

CORE CAPABILITIES

IT Compliance

Ensuring your business meets the most current regulations and standards necessary for protecting data and maintaining operational security.

Cybersecurity

Protecting your business from evolving threats and ensure the integrity of your systems. We also offer managed threat response through SIEM (Security Information and Event Management).

IT Managed Services

We provide end-to-end IT managed services to ensure the continuous health, monitoring, and maintenance of your systems.

Virtual CIO Services

Offering strategic IT leadership to help your business develop long-term technology visions and strategic plans. Additionally, we create and manage IT policies.

Education - Student Data Privacy

Assisting educational institutions and businesses stay compliant with regulatory laws, such as SOPPA. We also provide privacy policy development, data classification, data retention policies, data loss prevention (DLP), and monitoring cloud environments.

DIFFERENTIATORS

Woman owned small business with over 20 years of industry experience.

Expertise in both IT compliance and cybersecurity.

Specialization in student data privacy and regulatory compliance.

Managed services and virtual CIO offerings tailored to small and mid-sized businesses.

Comprehensive cybersecurity solutions from policy development to incident response.
